

## Sort It Out: Calculations

- Use your knowledge of calculations such as:
  - **addition, subtraction, multiplication, division, recall facts, mental methods, use jottings, use practical equipment** and also number properties such as:
  - **odd, even, multiples of 2, 5 and 10, greater than..., less than..., one-digit, two-digit** to sort these calculations into the tables or diagrams.

$30 + 30$

$21 - 19$

$47 + 38$

$20 - ? = 4$

$8 + 11 + 2$

$24 + 56$

addition	subtraction

even answer	odd answer

mental method	practical method

## Sort It Out: Calculations

- Work out the sorting criteria for these tables and diagrams.

$30 + 30$

$21 - 19$

$47 + 38$

$20 - ? = 4$

$8 + 11 + 2$

$24 + 56$

$30 + 30$ $47 + 38$	$21 - 19$
$24 + 56$	$20 - ? = 4$
	$8 + 11 + 2$
